Twinkl Phonics

Discover six levels of dynamic and engaging materials, bursting with daily planning, teaching PowerPoints, stories, games and so much more, all delivered in daily packs containing everything you need for your phonics sessions.

Twinkl Phonics has been carefully developed as a complete scheme of work to be used throughout the school. Our programme covers all the statutory requirements outlined on the 2014 National Curriculum for synthetic phonics-based reading and writing. It is also developed to prepare children for the statutory year 1 phonics screening check. Twinkl Phonics can complement the DfE Letters and Sounds document or be used as a stand-alone programme.
