

End of Year 1 Expectations for Maths

Number and Place Value

Count forwards and backwards within 100, starting with any number.

Reason about the location of numbers to 20 within the linear number system, including comparing using $<$ $>$ and $=$.

Addition and Subtraction

Compose numbers to 10 from 2 parts (e.g. $4 + 3 = 7$, $4 + 6 = 10$), and partition numbers to 10 into parts, including recognising odd and even numbers.

Read, write and interpret equations containing addition (+), subtraction (-) and equals (=) symbols, and relate additive expressions and equations to real-life contexts.

Geometry

Recognise common 2D and 3D shapes presented in different orientations, and know that rectangles, triangles, cuboids and pyramids are not always similar to one another.

Compose 2D and 3D shapes from smaller shapes to match an example, including manipulating shapes to place them in particular orientations.

Number facts

Develop fluency in addition and subtraction facts within 10.

Count forwards and backwards in multiples of 2, 5 and 10, up to 10 multiples, beginning with any multiple, and count forwards and backwards through the odd numbers.
